Benefits of an ISPA Corporate Membership

Access to the Precision Agriculture Journal

Stay up to date with the latest research and innovation.

Publicity in the ISPA Monthly Newsletter

Corporate members are invited to submit technical articles, upcoming events, and one ad placement per quarter in the newsletter.

Showcase Job Listings

List your position opening on the ISPA website and in the ISPA Newsletter to reach our network of quality candidates.

Sponsor ISPA Webinars

Corporate members can become the named sponsor of an ISPA-organized Continuing Education Unit (CEU) webinar. Members may also submit a request to lead a CEU webinar.

Enhanced Brand Recognition

Join our globally recognized group and elevate your brand with enhanced international visibility and credibility.

Networking Opportunities

Our ISPA global membership and sponsored events bring together industry leaders and influential professionals from around the world.

Community Engagement

All ISPA members are encouraged to join our ISPA communities. Our communities cover a wide range of topics and regions.

Discounted Registration and Sponsorship

Members receive discounted registration for the biennial ICPA and select ISPA-sponsored events, and gain access to exclusive sponsorship opportunities.

Access to Educational Resources

ISPA offers a curated library of educational resources submitted by our global membership, showcasing insights and advancements in Precision Agriculture.
