16th International Conference on Precision Agriculture

Travel	Sponsorships	Registration
Whether you are arriving at Manhattan Regional Airport or Kansas City International Airport, make your way to Manhattan, Kansas USA this July for the 16th ICPA. Learn more about Hotel and Travel Information here.	**The 16th ICPA is a great opportunity for you and your company to gain exposure and grow your influence in the global precision agriculture market.** Please visit our website to learn more about our sponsorship packages.	**Register today for the 16th ICPA! The conference offers Full Conference, Student Registration, and One-Day Registration rates.** See the full list of registration rate options and conference add-ons including workshops and post-conference tour here.

14th ECPA Update

Join Us At The ISPA Society Meeting During The 14th European Conference On Precision Agriculture

On Monday 3 July, ISPA will hold a society meeting in ROOM 1 from 18.00 to 19.30. All ISPA members and anyone interested in becoming a member or learning more about the 16th International Conference on Precision Agriculture are encouraged to attend.

The 14th European Conference on Precision Agriculture (ECPA2023) will take place in Bologna Italy under the theme "Unleashing the Potential of Precision Agriculture." With about 240 presenters, consisting of 140 theatre presentations and 100 posters spanning over four days from the 3rd to the 6th of July 2023, the event expects to draw in more than 400 participants.

However, there is more to this conference than just a series of presentations. Attendees will be able to witness a field demonstration featuring various research groups and manufacturers. Additionally, parallel events organized by institutions such as CREA, Confagricoltura, and AgriTech, the newly minted Italian centre dedicated to agri-technology, will provide a fertile ground for collaboration and exploration.

The content of ECPA2023 showcases the emerging trends in Precision Agriculture, highlighting a significant interest in Artificial Intelligence and integrated approaches. These approaches involve intertwining spatial techniques with Machine Learning and combining remote and proximal sensing. A dedicated session will delve deep into the cutting-edge advancements and far-reaching implications of robotics in the field of precision agriculture.

#OFE2023 – Abstract submission is open until July 1st

You may submit your 150-word abstract [here](#).

Register for #OFE2023 [here](#).

Stay on top of the latest information for the 2nd Conference on Farmer-Centric On-Farm Experimentation which will take place in a virtual format on Dec. 5-7 2023 by visiting the conference webpage: https://www.gofen.org/ofe2023/.

Country Representative - Giorgio Prosdocimi Gianquinto

Country Representatives serve to help promote ISPA by championing the ISPA mission and purpose globally, in particular, in the country they represent. ISPA is growing internationally so Country Representatives remain an important position to help ISPA best serve people, groups, governments and others, globally connecting them to science and experts.

Please join us in thanking ISPA Country Representative from Italy, Giorgio Prosdocimi Gianquinto.

If you are interested in becoming a Country Representative, please email info@ispag.org with your bio highlighting your experience in precision agriculture and your CV. ISPA requires that all Country Representatives are current members of the society. To become a member, please complete the membership form.

AAPA Webinar

Thank you to those who attended the June 2023 African Association for Precision Agriculture webinar. ISPA was pleased to sponsor this event. Thank you to our speakers Dr. Athyna Cambouris and Dr. Kwame Agyei Frimpong and to our moderator Dr. Vincent Aduramigba-Modupe.

A recording of this webinar is available on our website at www.ispag.org/Events/AAPA

FIRA USA 2023

FIRA USA is launching a special offer to celebrate the next few months of summer. From June 21st to July 5th a discount of:
PASS 3 DAYS | $100 discount | WITH THE CODE: FIRAUSA100
PASS 1 DAY | $50 discount | WITH THE CODE: FIRAUSA50
GROUP PASSES (for groups of 10 or more): buy one, get one free! Contact the FIRA Team at fira.usa@fira-agtech.com
Don't miss this unique opportunity and join us on September 19 to 21 at Salinas, California, USA for the #FIRAUSA23 - The event for robotics and autonomous solutions in action
Register now on: www.fira-usa.com

Upcoming Events

25-27 FEB 2025
GIS & Drone Applications in Agriculture Conference

29 JUN - 3 JUL 2025

15th European Conference on Precision Agriculture
Barcelona, Spain
ecpa2025.upc.edu/

22-31 AUG 2025
XXXII ISSCT Centennial Congress
Cali, Colombia
issctcennial.com/

14-16 OCT 2025
11th Asian-Australasian Conference on Precision Agriculture
Chiayi, Taiwan
ispag.org/Events/ACPA

2-4 FEB 2026
International Crop Modeling Symposium (iCROPM2026)
Florence, Italy

Week of 13 JUL 2026
17th International Conference on Precision Agriculture and the 11th Brazilian Congress on Precision Agriculture
Porto Alegre, Brazil
ispag.org/icpa

See the ISPA website for a complete list of events.
Do you have an event that would be of interest to our members? Send us an email to let us know.

Jobs Listing

- Postdoc in Digital Agronomy for Climate Resilient Perennial Agriculture
- Tenure Track Assistant Professor in soil spectroscopy at Department of Agroecology, Aarhus University
- Assistant or Associate Professor of Extension Soil Management - University of Kentucky - Department of Plant and Soil Sciences
- Precision Agriculture Technologies Extension Specialist - University of Tennessee - Biosystems Engineering and Soil Science
- Assistant Professor (Extension) - Mississippi State University - The Department of Agricultural & Biological Engineering
- University of Georgia - Assistant Professor - Extension Specialist Precision Agriculture Systems

Do you have a job you would like to post to the ISPA website? Please send your job announcement, a short description, and cutoff deadline for applications to info@ispag.org

Contribute to the ISPA Newsletter

Do you have a precision ag event, project, or news article that our members would be interested in?

Please let us know. We post events, job opportunities, and news from members from around the globe. Email info@ispag.org or use the handy online form to submit your contribution.

The International Society of Precision Agriculture (ISPA) is a non-profit professional scientific organization.
The mission of ISPA is to advance the science of precision agriculture globally.

Contact newsletter@ispag.org to suggest content for future newsletters or visit www.ispag.org for more about the Society.
