AfCPA Update

The African Conference on Precision Agriculture seeks to highlight new advances in the fields of experimental and applied precision agriculture.

We are pleased to invite you to submit abstracts for oral, poster, or virtual presentations within one of the conference topics of interest.

Abstract submission for the 2nd AfCPA is open at: paafrica.org/Abstract

Authors of accepted abstracts will be entitled to make their presentation at AfCPA 2022 after payment of registration fees. They will also be entitled to submit full papers for the Conference Proceedings, which will be published and made available on the website after the conference.

The deadline for submission of abstracts is **30 September 2022.**

Questions pertaining to abstract submissions should be addressed to info@paafrica.org.

FIRA Update

The 2022 International Forum for Robotic Agriculture in the USA (FIRA USA 2022) call for abstracts is available at: https://www.fira-agtech.com/event/fira-usa/webview/RXZlbnRWaWV3XzM1MTU5NA. With a showcase of in-fields robot demos, a rich agenda of concrete business topics and meetings, and the exploration of cutting edge research and development, FIRA USA 2022 will bring together the entire Ag robotics industry along with the food producers in California and North America.

Precision Agriculture Definition

Precision Agriculture is a management strategy that gathers, processes and analyzes temporal, spatial and individual plant and animal data and combines it with other information to support management decisions according to estimated variability for improved resource use efficiency, productivity, quality, profitability and sustainability of agricultural production.

The International Society of Precision Agriculture (ISPA) is a non-profit professional scientific organization.
The mission of ISPA is to advance the science of precision agriculture globally.
